## PROFILE

A full-stack software engineer looking to learn through experience and opportunity. I enjoy working independently and thrive in a team environment. I look forward to grow with an organization or company to reach a common goal and apply my skills for continuous improvement.

## EXPERIENCE

### GENERAL ASSEMBLY

SOFTWARE ENGINEER IMMERSIVE APPRENTICESHIPS |  
01/2020 - 04/2020

- Built rich, interactive, full-stack apps with key programming languages.
- Intensively worked within areas of algorithms, data structures, design patterns, APIs, and more. Gained over 500 hours of hands on coding experience.

### HERB CHAMBERS

SERVICE ADVISOR | 01/2019 - 03/2019

- Greeted customers and scheduled appointments. Wrote up repair orders and description of problems.
- Sold services based on the mileage and condition of the vehicle. Translated repair order to standard terminology.

### HONDA CARS OF BOSTON

EXPRESS TECH | 10/2017 -01/2018

- Inspected cars for any signs of wear. Performed oil changes, tire rotations, and light mechanical work.
- Communicated with service advisors and manager for recommended repairs.

### 2020 COMPANIES

ASSISTANT MANAGER & CCR | 12/2016 - 02/2017

- Managed a team to run a pop-up booth to demo Samsung's newest phones and technology.
- Assisted customers as a resource for any questions concerning the new products or their own Samsung product. Provided technical support to Samsung users.
